Summary

Full-Stack Web Developer with experience building modern web applications using Next.js, React, Node.js and MongoDB. Passionate about creating responsive user interfaces and learning scalable backend development.

Education

Hitkarini College of Engineering & Technology (Affiliated to RGPV)

Bachelor of Technology (B.Tech) • 7.27/10

Computer Science and Engineering

Jabalpur, MP, India • 2022-2026

HCET

Projects

1. Nexus ERP

Developed a full-stack ERP (Enterprise Resource Planning) system as a final-year team project to streamline inventory and business management. Contributed to the frontend by building responsive user interfaces, integrating REST APIs, and implementing authentication and dashboard features. **Tech Stack** : Next.js, React.js, Tailwind CSS, Node.js, Express.js, MongoDB, Mongoose, JWT, REST APIs, Google Gemini API

Nexus ERP

2. Strango

Built a real-time video chat application using Socket.io supporting one-to-one communication with responsive UI and animated transitions. **Tech Stack** : Next.js, Socket.io, Framer Motion, Typescript

Strango

3. Full-Stack Auth

A complete authentication system with login, signup, JWT sessions, and a dynamic profile editor. Secure by design, smooth by implementation. **Tech Stack** : Next.js, MongoDB, JWT / Bcrypt, Next-Auth

Full-Stack Auth

4. Portfolio

The project incorporates creative design and clean coding. It offers users a smooth experience and enhanced functionality. **Tech Stack** : HTML, CSS, Javascript, AOS, Font Awesome

Mohammad Faizan Portfolio

5. AI Assistant

An interactive voice assistant using the Web Speech API to process spoken queries and return real-time audio or text responses — with a clean, responsive UI. **Tech Stack** : HTML, CSS, Javascript, Web Speech API

6. Tasbeeh

A digital Tasbeeh counter designed for simplicity and ease of use. It helps users keep track of their recitations with a clean and intuitive interface. Built with a focus on accessibility, it ensures a smooth spiritual experience for everyone. **Tech Stack** : HTML, CSS, Javascript

Tasbeeh
